Hummel Youth Apparel Sizing Guide

Below is a youth size guide, specifically for the B2B. Thanks! As always, any questions, call, text or email.

You may see 6 options in youth:

116 – 6Y – ½ size smaller than a YS

128 – 8Y – our typical YS (8-9Y)

140 – 10Y – in btwn YS and YM (10-11Y)

152 – 12Y – our typical YM (12-13Y)

164 – 14Y – in btwn YM and YL* (14-15Y) – Biggest youth size produced in Tech Move items (excluding jersey, which is available in 16Y)

176 – 16Y – our typical YL (16Y)

You may only see 3 options:

116/128 – 6-8Y - YS

140/152 – 10-12Y - YM

164/176 – 14-16Y - YL

NOTE: YXL – never been an option for hummel, we shift to adult XS when this is ordered.

NOTE: *Tech move jackets, pants and shorts only go up to 164 so we use that as YL.

NOTE: *Tech move Jerseys have the 176 option so we use that for YL.

NOTE: 104 or 4Y is our YXS and is only available in a few items, namely the core poly tee (NOOS), core poly ss jersey (SMU – factory ordered only, 10 week lead on factory orders) and the AC Poly jersey (not a NOOS size but pretty widely available from European warehouse).
